

# How to Submit a Peer-Reviewed Journal Article

A checklist by Dragonfly Editorial

## Choose the right journal

Check aims and scope of the journal, publication fees and other requirements

## Heed all author guidance

Review your targeted publication's author guide and style guide

## Write your paper

Follow journal's requirement and write in appropriate scientific soundness

## Look at your paper from the reviewer's perspective

Do a quality check by appraising your own work to be sure there are no missing important elements

## Submit

Follow the publication's submission guidelines carefully to avoid being rejected without a review

*yes!*
